

SMELLS ON DON-CAFFÈ!

Enes Karic, Bosnia/k/n ante-war & war host of Salman Rushdie, and an ardent propagator of his ghost (ever since Communist Yugoslav days), calls through Bosnian Muslim paper "PREPOROD" (RENAISSANCE):

domestic & worldwide Muslim believers to, in the name of unity, ask from God "salvation of Yazid, the son of Caliph Mu'awiyah, who is reported to had led the Muslim armies in Karbala and who slaughtered Hussain, grandson of the Prophet Muhammad a.s., therefore, even for Yazid himself we have to find some at least eschatologic (Sic!) pass. Let us say, Muslims of today, both shi'ias & sunnis, have to organise common supplication ceremonies in order to ask from dear God S.W.T. to pardon Yazid and his armies". Ibid.

For avoidance of doubt on who bark Karbala's dogs (announced by Prophet Muhammad s.a.w.a.): Karic, a future literary laureate (no doubt!) of Nobel Prize, is actually passionately pleading here for the redemption of his own, and his pre-war and war (1992-1995) Pakistani/British Sir's, traditional mastermind, i.e. for "the eschatological (ah, how it sounds scholarly!) salvation" of 'Yazīd ibn Mu`āwiya ibn Abī Sufyān.

One would not know who is the best from among these three, or five, two of the first being self-imposed "Muslim caliphs" who knew at those very days how to menage for us, with the help of the rest, our today's' chaos all over this beautiful green planet.

O, GOD, SAVE BOSNIANS' & BOSNIAKS' & WORLD MUSLIMS' MIND FROM THIS KIND OF PROFESSORS & DOCTORS & DEMOCRATS. . . & WRITERS & SYCOPHANTS!

AMEN!

P.S. He forgot to add, future "nobel", on the list of those for whose forgiveness and "eschatological salvation !!!" he tasked the Muslims to advocate with their Lord, ah how only he forgot to add to them?!: THE HAGUE PRISONERS? To not go down in the distant past, and invite him to complete the list, for example, with those who otherwhence exterminated his present mentors. Excuse me, truly innocent ancestors of today's truly malignant offspring.
