

MELIKA SALIHBEG BOSNAWI  
"SWEET SMELL OF GNOSIS"

WORDS OF THE PROMOTERS: T. KULENOVIĆ, M. BABIĆ, E. SOFIĆ

"While language to most of writers serves that they form the phenomena and events with it, James Joyce, in "Finnegan's Wake" creates in the language the phenomena and events, creates the world.

Similarly, the philosopher by language explains, describes the concepts and ideas, but the philosopher-gnostic, Melika Salihbeg Bosnawi, in the language itself reveals the concepts and ideas, and creates the world. "

"Faith and knowledge, love and reason are with Melika inseparable. Faith requires understanding. To realize Islamic ritual prayer is to realize Universe, is to realize also small universe or Man, is to realize Man's history and the history of Mankind, is to realize God Who is The One and Only, to realize the Oneness of God, His Unity.

Melika proves that Islamic ritual prayer has a structure which is identical to the structure of the atom, cell, Universe, identical, therefore, to the structure of each piece of Universe and the structure of the entire Universe and the structure of Man. Islamic ritual prayer has a structure that is identical to the structure of every creature, it reveals the structure of the created reality, reveals the DNA of the Created World, of which the Quran is a holograph and Ka'bah as a cosmic temple, a hologram. She discovers the structure of A Universal prayer to the Only God.

Melika is a poet, she is a mystic, she is a philosopher and theologian, she is versed in the natural and spiritual sciences. She is a peculiar person and writes peculiarly, i.e. multidisciplinary. Her book is packed with deep emotion, and deep thought, deep reflection. Melika does not tolerate blind emotion, but the emotion enlightened by the Reason instead. Gnostic (mystic) wants to see the Unseen, wants to remove veils from the Unseen. Only the pious, free, "but, always thinking, people" can see something of the Invisible. Only to the Reason or Intellect are addressed Divine words. Islamic ritual prayer, salaah, is precisely ordered to it, Reason / Intellect / Comprehension (p. 67). Absence of understanding from the prayer makes it a mere gesture. "
